health for the past six months, he has been able to be up and around each day until last week when he suffered a hemorrhage of the lungs, which greatly weakened him, tuberculosis being the direct cause of his death. The funeral will be held at 2:00 o'clock on Thursday at the Methodist church.

credited upon the German account for the cost of maintaining United States troops in the Rhineland. The allied governments have consented to this proposal notwithstanding the fact that they raised strenuous objection when this government suggested some months ago that the United States expected to be compensated for the cost of maintaining the army of occupation before any payments were made on general reparations.

CHARGE COUNTERFEIT WAGE SCALE

[INTERNATIONAL NEWS SERVICE] CHICAGO, Sept. 26.—Assertions that the United States Railroad Labor Board had, in its July 1st decision which brought on the national shippers' strike, set up a "counterfeit wage scale" were made today by D. W. Heit, president of the Signalmen's organization, in his plea for a re-hearing of the wage scale, which expires today.

The present stage of industrial development demands that there shall be no harsh criticisms and violent methods," said Heit in his opening address. "The reactions to such measures are socialism and communism, and those principles have been shown to offer no practical relief. Changes in the present wage system are necessary to insure harmony and co-operation between employer and employee, which is necessary to industrial success. The board in its order effective July 1st set up a counterfeit wage scale."

The July 1st order cut the signalmen's pay from between \$3 and \$9

THOUGHT KLAN WAS AFTER HIM

[INTERNATIONAL NEWS SERVICE] CHICAGO, Sept. 26.—Under the hallucination that he was about to be mobbed by the Ku Klux Klan, Theodore Gilroy leaped out of his bed today and fired five shots through the door in a local hotel, seriously wounding Miss Hanna Johnson, one of the hotel employees. "The Ku Klux Klan sent me threatening letters," Gilroy explained when he was taken into custody. "I thought, when the knock came on my door that they were going to kill me."

EAST CHICAGO MAN'S MIND IS SOUND

After spending several days in the county jail while officials expected word from the insane asylum at Logansport asking for his return, Tony Yarmocz of East Chicago is again free.

Habes corpus proceedings were held before Judge Crites in Room 2 of the Hammond Superior court yesterday afternoon. Sheriff W. H. Olds and Bellitt Donald Metz of the Hammond police court were named as defendants. Metz and Olds brought their man-in-court as commanded and explained that he was being held on orders of Chief of Police Bunde. Yarmocz, and costs and given sixty days suspended.

OPEN JOB OFFICE

The Twin City Sentinel of East Chicago which went into the hands of a receiver about a week ago, will operate as a job office until October 15th. Judge Crites granted Receiver William Wright permission to keep the plant going long enough to finish a number of expensive jobs which were halted when the office was closed by court order. It is expected that about \$400 profit can be realized from these jobs. Only such new jobs can be taken on during the period as can be finished in connection with the larger jobs. The receiver's petition was filed in room 2 of the Hammond Superior court yesterday along with an inventory of assets and liabilities.

Airplane service is being organized to connect the French ports of Havre and Cherbourg with a fast train leaving Southampton, England, for London for the convenience of trans-Atlantic passengers desiring to visit the British capital.

EXPOSE IN LAKE CO. ONLY JUST STARTED

(Continued from page one.)

Then Maria Monte testified. She was arrested around Christmas, 1920, for violating the liquor law and spent one night in jail. Mr. Lucas visited her in the morning and told her he would charge her \$300 to prevent her from going to jail. She got the money, went home and heard no more about it, she said. There was no trial. She recalled signing some paper before she left the court building.

Mike Jursu was another witness. Mike trembled and appeared frightened as he took the stand. In a chair near his elbow sat Attorney Glenn Harris of Gary. During his testimony Harris, who watched the witness closely, made several trips

to the table at which the defendants sat.

HARRIS APOLOGIZES
Commissioner Surridge finally ordered him to cut out the running around and stay one place or the other. He said it looked too much like an attempt at intimidation of the witness. Harris apologized. The district attorney referred to the matter later and gave the information that Harris had represented Jursu in other matters and that his action in the court room were open to suspicion.

Jursu was arrested by Gary police for liquor law violation. Lucas got bond for him and he hired him as attorney. No fee was spoken of but after it was all over he charged \$300. He said Lucas was to see that he didn't get a full sentence. "That was the end of my case," he said. "Lucas said he would fix it up with Judge Dunn."

MRS. ROSS WITNESS
Jursu spoke fair English after he got over his fright and on cross-examination showed he could read English satisfactorily. Mrs. Beattie Ross, city clerk of Gary, was the government's last witness. She merely told of an incident in her office when the ballots of the last election were being counted. Enough precincts were in to show that Judge Dunn had been re-elected. Lucas was there. He is said to have made the statement: "Well, I have been called the king of the city court, and it is — I am still king of the city court." It was explained that Mrs. Ross was only one of a number who heard the assertion. Knowledge of it reached the ears of the federal men and she was subpoenaed as one of the most credible witnesses that could be found in Gary. It was not a pleasant thing for her to appear

this against men with whom she is officially associated daily, but she had the nerve to go through with it.

UNDER \$5,000 BOND
Attorneys Joe Conroy and W. C. Houston who appeared for the defendants, following the argument of Attorney Bynum, argued in favor of dismissing the cases, but both stated that the matter should be looked into by the grand jury if the commissioner felt there were sufficient grounds. They didn't think the evidence warranted an investigation. Commissioner Surridge thought differently and after summing up the evidence which had been presented he announced that the defendants should put up \$5,000 bond each. As the crowd was about to leave, Attorney Bynum announced that all who know themselves to be witnesses should call at the commissioner's office and likewise furnish bond for their appearance at Indianapolis. At the same time he issued a warning to the defense that any attempts at intimidating these witnesses in an effort to prevent them from testifying would result in federal prosecutions. Probably a dozen witnesses in the crowd gave the required bond.

No Appetite
"I had no appetite, could eat nothing, without distress. My weight went down to 135 pounds. When I began to take Mendenhall's Number 40 my appetite improved and my weight increased to normal 160 pounds, and I can now eat and sleep in peace, since taking wonderful 'Number 40.'
